

Aloha,

Thank you again choosing John Pierre's to capture your special day on Maui. Every effort has been taken to make your package order process as easy as possible. My goal is to produce a fantastic wedding book full of your favorite memories.

Picture Editing-

I always suggest that you first do a "rough edit". You can do this by creating a folder and putting any image you want to consider for your book in the folder. This will reduce the total images to look at and give you a folder with only the images you like. Next create a new folder and narrow down your choices in that folder. You may want to do this a few times

Pre Paid Standard Package Order Steps- (4-6 weeks for delivery)

Once you are ready to make your selections simply create a folder on your web site and name it. Images you want for your book you just add to that folder. It is that easy! Family can also do the same for their favorite images that they will want to order.

Once you have finished simply contact John Pierre's to let us know you are ready, and I will send you your cover options. As most couples want to add additional images to their album simply contact John Pierre's. You can print images in color, b&w, or sepia at no extra charge. Partial color effect and enhancements can be added for a fee.

Standard Package books are 7x7 inches in size with one 4x6 image per page. Additional images are \$10 each, but special quantity pricing is available. Couples wanting only the best will want our "Storybook" style album.

The Ultimate- Storybook Order Steps- (6-8 weeks for delivery)

As showcased on my website these books will impress anyone. To start simply create a folder on your web site and name it. Next place your favorites into this folder. When ready contact the studio. Please be sure to identify yourself in your email by the groom's last name and provide me a good contact number. Lastly, let me know any special images that you would prefer to be larger in your book. We can then start designing your album. If you are upgrading we can give you a quote before we start.

You can have your images printed in color, b&w, or sepia at no extra charge- just let us know. Partial color effect and enhancements can be added for a fee. Once your book is ready to review we will release it to either online or thru a PDF file that is emailed to you.

After the layout has been approved and finalized we will order your book. The printing and binding of your book usually takes 3-5 weeks.

Retouching and Enhancement-

Retouching and Artistic image enhancement is available for any image. Your already beautiful images can be further enhanced for home display and wall grouping. The cost is quoted and is based a \$75/hr fee. As each image is unique there is no set price.
